SUMMARY

2nd-year CS student at NMIMS MPSTME with hands-on experience shipping real products used by 500+ students. Built and deployed 6+ web apps; led a 10-member developer team at GDG on Campus; placed Top 10 at a campus hackathon (30+ teams). Strong across the stack: React, Next.js, TypeScript, Python, Flask, Node.js, and IoT with ESP32 and MQTT.

EDUCATION

B.Tech Computer Science Engineering 2024 - 2028

SVKM's NMIMS MPSTME - Shirpur Campus | CGPA: 8.5 / 10

Coursework: DSA, OOP (Java), Web Programming, DBMS, IoT, Discrete Mathematics

Class XII - CBSE (Science) 2024

S.G.M. Shiroiya English School, Navsari, Gujarat | 89%

Class X - CBSE 2022

S.G.M. Shiroiya English School, Navsari, Gujarat | 94%

EXPERIENCE

Web Development Lead - Google Developer Groups on Campus Aug 2025 - Present

NMIMS MPSTME Shirpur

- Lead a team of 10 organizing committee members across web dev workshops and campus tech events
- Placed Top 10 at GDG On Campus Hackathon out of 30+ competing campus teams
- Organized 3+ developer workshops attended by 100+ students

Technical Lead - Ambiora Techfest Jan 2026 - Mar 2026

NMIMS MPSTME Shirpur

- Sole developer for the official event platform; built and shipped the site 2 weeks before the festival
- Site handled 500+ student visitors during the live 2-day event with zero downtime
- Managed all technical operations across 8+ events as part of the organizing committee

Technical Lead - Flavium Sports Event Jan 2026 - Feb 2026

NMIMS MPSTME Shirpur

- Built the official sports event website and handled all technical operations end-to-end
- Coordinated technical setup for 5+ sports events on the day of the fest

Organizing Committee Member - Coding Club (ML Dept.) Aug 2025 - Present

- Contributing to machine learning focused workshops and inter-college tech activities

Organizing Committee Member - App Development Club Aug 2024 - May 2025

- Supported event planning and technical operations across 4+ club events in the first year

PROJECTS

FireGuard - Smart Fire Evacuation System | *Python, Flask, ESP32, MQTT*

Apr 2026

github.com/Jay-Naik2526/fire-evacuation-system

- Built an IoT fire evacuation system with ESP32 sensors, real-time MQTT alerts, and a Flask backend
- Used Dijkstra's algorithm to compute shortest safe evacuation routes across 10+ building nodes
- Integrated ThingSpeak and Blynk IoT for monitoring; built a live WebSocket dashboard for responders

Ambiora Techfest Platform | *React, JavaScript, Vercel*

Feb - Mar 2026

github.com/Jay-Naik2526/ambiora-techfest

- Sole developer for the official techfest platform; handled 500+ visitors with zero downtime
- Built registration, schedule, and sponsor sections; shipped 2 weeks ahead of the live event

Skyflix - Movie Discovery App | *TypeScript, Next.js, TMDB API*

Dec 2025 - Jan 2026

github.com/Jay-Naik2526/skyflix

- Full-stack movie discovery app with TMDB API integration, search, and genre filtering
- Used Next.js server-side rendering for fast loads and TypeScript for end-to-end type safety

StudySync - Attendance & Marks Tracker | *JavaScript, React, Node.js*

Sep 2025 - Jan 2026

github.com/Jay-Naik2526/studysync

- Built attendance and marks tracking app used by 20+ classmates for semester planning
- Includes real-time shortage warnings and grade projections across 7 subjects

3D Portfolio Website | *Three.js, WebGL, JavaScript*

Dec 2025

jaynaik.tech

- Interactive 3D portfolio with custom WebGL animations, dynamic lighting, and responsive camera controls

Flavium - Sports Event Platform | *React, JavaScript*

Jan 2026

github.com/Jay-Naik2526/flavium-official

- Built and deployed the official sports event broadcast platform as Technical Lead

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, Python, Java, C++, SQL

Frontend: React.js, Next.js, Three.js, AngularJS, HTML5, CSS3, Tailwind CSS

Backend: Node.js, Express.js, Flask, REST APIs

Database: Oracle SQL, MS SQL Server, MongoDB

IoT: ESP32, MQTT, Blynk IoT, ThingSpeak, Wokwi

Tools: Git, GitHub, Vercel, Postman, VS Code

SOFT SKILLS

Team Leadership | Clear Communication | Problem Solving | Time Management | Self-Learning | Peer Mentoring | Calm Under Pressure | Ownership Mindset

CERTIFICATIONS & ACHIEVEMENTS

- Python for Everybody - 5-course Professional Certificate, Coursera / University of Michigan (2025)
- Top 10 - GDG On Campus Hackathon (30+ teams, campus-wide competition)
- Sole technical developer for 2 large-scale college events reaching 500+ students each

ADDITIONAL

Languages Spoken: English (Professional) | Hindi (Native) | Gujarati (Native)

Interests: Web Development | IoT | 3D Graphics | Music | Table Tennis | 8-Ball Pool
